

## **Enghouse Systems Acquires XConnect GmbH**

### ***Acquisition Establishes Enghouse Networks Presence In Germany***

**Markham, Ontario; Duren, Germany – November 28, 2017 – Enghouse Systems Limited (TSX:ENGH) announced today it has acquired XConnect GmbH, from XConnect Global Networks Ltd.**

Headquartered in Duren (outside of Cologne), XConnect GmbH provides carrier change processes and number portability services to telecommunication providers in Germany. Its software enables the movement of telephone numbers and voice data services among operators and carriers.

“With over 70 customers, XConnect GmbH establishes Enghouse Networks in Germany and provides a base to sell XConnect as well as Enghouse products,” said Sunil Diaz, General Manager, Enghouse Networks. “We are very pleased to welcome XConnect GmbH’s customers and employees to the Enghouse Networks organization.”

#### **About Enghouse Systems Limited**

Enghouse Systems Limited is a leading global provider of enterprise software solutions serving a variety of vertical markets. Its strategy is to build a more diverse enterprise software company through strategic acquisitions and managed growth within its business sectors: Contact Center, Networks (OSS/BSS) and Transportation/Public Safety.
