Enghouse Systems Acquires Momindum SAS

Enghouse Expands Vidyo Suite Into Virtual Events For Broader Enterprise Marketplace

Markham, Ontario; Issy-les-Moulineaux, France – July 7, 2021 – Enghouse Systems Limited (TSX:ENGH) announced today it has acquired Momindum SAS, a SaaS enterprise video software company.

Momindum is an all-in-one SaaS enterprise video platform that manages virtual live events and on-demand videos for knowledge management and demand generation purposes. Users deploy the platform to transform videos into rich, interactive media with embedded outlines, quizzes and calls to action.

Momindum's next-gen Enterprise platform allows users to manage, broadcast and augment videos with any type of media. These include in-video hyperlinks, documents, subtitles, chapters and interactive elements such as quizzes and calls to action. The company's patented indexing technology allows keyword search, and videos can be synchronized with documents such as outlines and shared, user-created notes.

"Momindum's solution complements our Vidyo offering, while also broadening our video collaboration solutions," said Steve Sadler, Chairman & CEO of Enghouse. "We are very pleased to welcome Momindum's customers, partners and employees to Enghouse."

"We are excited to join Enghouse and look forward to combining our products with the Enghouse Vidyo platform to offer a differentiated solution to the market," said Xavier de Passemar, Founder and CEO of Momindum.
