Enghouse - Corporate Presentation

Q1 FY23

Forward-Looking Statements Disclaimer

Certain statements made in this presentation and the related materials may contain forward-looking statements, which are not historical facts, but are based on certain assumptions and reflect Enghouse's current expectations. These forward-looking statements are subject to a number of risks and uncertainties that could cause actual results or events to differ materially from current expectations. These risk factors are identified in Enghouse's Annual Information Form and other periodic reports filed with applicable regulatory authorities from time to time. Enghouse disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Market and Industry Data

This document contains certain statistical, market and industry data obtained from industry publications and reports. Industry publications and reports generally indicate that information has been obtained from sources believed to be reliable, but do not guarantee the accuracy and completeness of such information. Actual outcomes may vary materially from those forecast in such reports or publications, and the prospect for material variation can be expected to increase as the length of the forecast period increases. While we believe this data to be reliable, market and industry data is subject to variations and cannot be verified with certainty due to limits on the availability and reliability of data. Enghouse has not independently verified any of the third party data referred to in this document.

Strategy

Enghouse Systems
Software engineered for results

- ◆ Two-pronged strategy to grow earnings (internal growth and acquisitions)

- ◆ The Company is organized around two business segments delivering solutions for remote work, visual computing and communication networks:
 - Interactive Management Group (“IMG”)
 - Customer interaction solutions (including video collaboration)

 - Asset Management Group (“AMG”)
 - Networks Group provides technology solutions to communications and media, utilities and defense organizations
 - Transportation & Public Safety Group provides software solutions for transit, supply chain and public safety

- ◆ Completing selective acquisitions within existing markets and entering new strategic software markets on an opportunistic basis

\$ millions

ADJUSTED EBITDA PER SHARE

REGULAR DIVIDEND PER SHARE

Note¹: A special dividend of \$1.50 per common share was paid on Feb 16, 2021 to shareholders of record as at Jan 15, 2021, excluded from chart

Acquisition Strategy

- ◆ Established track record of value creation through acquisitions
- ◆ To consistently generate positive operating cash flows to fund further growth, drive shareholder value while minimizing shareholder dilution
- ◆ Economic factors are favorable for acquisitions especially for small-cap companies
- ◆ Target companies in the \$5m - \$50m revenue range preferably with strong recurring revenue
 - Geographic, product or scale expansion
 - Mission critical solutions
 - High barriers to entry
- ◆ Objective is for a cash-on-cash payback within 5 - 6 years
